

# Measure Chart

Band Size Measurement: \_\_\_\_\_ inches

Bust Size Measurement: \_\_\_\_\_ inches

*\*Round off your inches: Example- 26 ¼ inches would be 26 inches. 26 ¾ inches would be 27 inches.*

Rounded Band Size Measurement: \_\_\_\_\_ inches

*Now you will need to add a 4 or a 5 to your band size measurement.*

*Example: If your band size was 27 inches (27 + 5 = 32 inches)*

*Even Number - Add 4*

*Odd Number - Add 5*

Rounded band size measurement \_\_\_\_\_ inches + 4 or 5 = \_\_\_\_\_ inches

New Band Size Measurement: \_\_\_\_\_ inches **Line A**

Rounded Bust Measurement: \_\_\_\_\_ inches **Line B**

*\*Now you will calculate your cup size. Subtract Line B from Line A*

*Example: 35 - 32 = 3*

**Line B** \_\_\_\_\_ inches - **Line A** \_\_\_\_\_ inches = \_\_\_\_\_ your cup size number

*Example: cup size number 3 means Cup Size C So the size is 32C*

## Cup Size Chart
